## Senator Roth: Statement on Budget Address

Governor's budget continues property tax reform,

**Madison** – State Senator Roger Roth (R - Appleton) issued the following statement in response to Governor Walker's biennial budget address.

"Tonight, Governor Walker laid out his ideas for the next biennial budget. It's time to get to work to review and analyze his proposals and do what is best for taxpayers in the 19<sup>th</sup> Senate District.

"The budget is the most important bill that is brought to the legislature and Wisconsin residents deserve to have their voices heard throughout the process. Throughout the coming months, I look forward to meeting with people in Northeast Wisconsin to allow them voice their concerns and ideas.

"I'm pleased with the pledge to continue lowering the tax burden on our citizens, and especially the pledge that the property tax bill on a typical home will be lower during the next two years. As a homebuilder, I know firsthand that anything we can do to make owning a home and realizing that part of the American Dream a reality makes our communities and our state stronger.

"Finally, I'm encouraged by additional workforce development measures. Effective worker training programs like Wisconsin Fast Forward will help prepare people for new and in-demand careers."

Senator Roger Roth represents the heart of the Fox Valley including Appleton, Neenah and Menasha.
